SUMMARY

Proficient in using the **MERN** (MongoDB, Express.js, React.js, Node.js) stack to build robust and scalable applications. Strong expertise in front-end development, with a keen eye for user interface design and user experience.

TECHNICAL SKILLS

Programming	:	C and C++, JavaScript
Development	:	React.js, Node.js, Express.js, HTML, CSS, Bootstrap
Databases	:	SQL, MongoDB
Course Work	:	Data Structures and Algorithm, Object Oriented Programming, Computer Networks, Microsoft Office
Soft Skills	:	Problem-Solving, Time Management, Communication, Teamwork

EDUCATION

Feroze Gandhi Institute Of Engineering College   Raebareli, UP
B.Tech in Electronics and Communication Engineering   *Aug 2019 – Jun 2023*
7.9 SGPA

Durga Inter College Jasrana   Firozabad, UP
XII in Math   *Jul 2017 – Apr 2018*
71.8 Percentage

Maa Anjani Sr. Sec. Public School Shikohabad   Firozabad, UP
X in Science   *Jul 2014 – Apr 2015*
72 Percentage

WORK EXPERIENCE

Ecommerce MERN APP   *ReactJS, ExpressJS, NodeJS, MongoDB*   Source Code

- This is an application that would offer a smooth shopping experience and easy management for both customers and sellers.
- This eCommerce app was built using the **MERN** stack, which stands for MongoDB, Express.js, React, and Node.js.
- This Application offered a comprehensive set of features, including product listings, product search, user authentication, shopping cart functionality, and order processing.
- Deployed on GitHub pages via GitHub Actions

Portfolio   *ReactJS, Tailwind, JavaScript, HTML*   Source Code

- An Interactive and responsive website which tells everything about me
- Designed and developed responsive UI components using **HTML, Tailwind, JavaScript and React.js** for web applications
- Utilized **responsive design** to ensure compatibility across all devices
- Deployed on GitHub pages via GitHub Actions

Ecommerce WebApp   *ReactJS, JavaScript, HTML, CSS*   Source Code

- An interactive website which tells about some skin Products and helps to buy them
- Designed and developed a clean and modern website using **HTML, CSS, JavaScript and React.js**
- Utilized **responsive design** to ensure compatibility across all devices
- Deployed on GitHub pages via GitHub Actions

OTHERS

- I am highly interested in algorithmic Problem solving (solved 400+ problems on Leetcode).
- Specialist Programmer at Coding Ninjas.
